

Text of President McCormick's March 25, 2009 Response to the [February 2007 Senate Report and Recommendations on Charge S-0208, Safety Issues](#) on the Newark and Camden Campuses:

I am writing in response to the Report and Recommendations on Charge S-0208 related to Safety Issues on the Newark and Camden campuses, as adopted by the University Senate in February, 2007. Please express my appreciation to the members of the Budget and Finance Committee for their thorough report. By copy of this letter, I am referring the report and its recommendations to the Chancellor and Interim Chancellor in Newark and Camden, respectively. I believe that many of these recommendations have already been explored and addressed on the campuses, and I am asking the chief executive officer on each campus to report back to you with respect to actions considered and taken to address safety issues and perceptions on their campus.
