Dear Mary,

Thank you for sending me the report and resolution regarding Charge S-2014, Standing Committees. I acknowledge with appreciation the efforts of the University Structure and Governance Committee to address a concern the Senate has identified within its own operations, and I am fully supportive of the solution the Senate has developed to maximize the effectiveness of the Senate chair.

With my thanks for the Senate's work over the past year, and with good wishes to all Senators for the new academic year ahead.

Sincerely,

Jonathan Holloway

President & University Professor
