(Issued: 12/4/2020)

Note: RGPEC requests to be discharged:

The charge as written is no longer relevant to the current RU patent policy and RU Administration. The charge was generated prior to COVID. The RGPEC's time would be better utilized by focusing on the current patent policy, its procedures for modification, and the role of faculty innovators in contributing to the resource distribution plan for successful patents.

The RGPEC members could generate a new charge to reflect the above topics. We look forward to feedback from the Senate Executive Committee members.
