

USGC Shared Governance ‘Pulse Survey’

As part of its program of work, USGC wants to promote dialogue and learning about shared governance in general and what we want it to be at Rutgers. For next academic year, this will likely involve some online session where Senators (and possibly invited speakers) talk about shared governance and engage in discussions.

Ahead of this developing plan of work, USGC is keen to undertake a survey via Qualtrics. Given workload across Senate, USGC wants this to be a simple pulse survey.

The survey is to be anonymous, and the co-chairs propose the following questions for discussion with the EC:

- 1) Please give THREE words that capture your understanding of the term ‘shared governance’.
- 2) Is there a gap between what you expect from effective shared governance and what you observe here at Rutgers? Yes, No, Don’t know/unsure
- 3) If you have any other comments to make or resources you want to share, please include them here: Open text box

Thank you.
