

Board of Governors Representatives Report:

Brian Everett, Staff Representative to the BoG:

As Staff Representative, I met with Newark Staff members on 9/21 in Newark to gain a greater sense of the Newark experience. I thoroughly enjoyed the time.

On 9/23 as Staff Representative, I attended the Board's Committee on Academic and Student Affairs in New Brunswick.

On 10/01 I joined Chair Haley and Newark Student Representative Walker-Mason at the Board of Governors meeting. In addition to community voices through the public comment period, I enjoyed Chancellor Smith-Jackson's report and presentation for Rutgers-Newark. I was inspired by Rutgers-Newark's student success initiatives, and the 'Pathway to Scientist' program. Several new degree programs and endowed professorships were approved.

The next Board of Governors event for me will be the next CASA meeting on November 19th in New Brunswick.

Board of Trustees Representatives Report:
